

TINLEY MAN KILLED IN AUTO ACCIDENT

STATE TAKES STEPS TO STOP INCREASED HIGHWAY ACCIDENTS

Receive Land Title For Frankfort Park

The Frankfort Community Development corporation, formed for the purpose of buying and laying out the ground for a community recreation park, has completed the purchase and received the title to a parcel of land consisting of 20 acres. The land bought from Ber Mager, lies west of Frankfort village. Payment has been made for it.

The group is composed of a representative from each organization in Frankfort and has the following officers, president, Dr. James Moser of the Lions; vice president, Kenneth Oetter, American Legion; treasurer, Mrs. Fred Kohlhauser, R. N. A.; directors, Orville Schroeder, firemen; Albert Krusemark, Jr., sportsmen; and Mrs. Krusemark, Women's club.

Burton Breidert is drawing up the master plans which will include a baseball diamond and work on this will start at once.

STUDY SOIL IN HOMER TOWNSHIP

The Southeast Homer Soil Conservation group toured over Fred and Kenneth Lauffer's farm last Wednesday forenoon to study the soil conservation survey map.

Art Kelley used an enlarged map of the Lauffer farm to show the soil types, per cent slope, and amount of erosion. The University of Illinois soil survey party is now making a county-wide detailed soil survey of Will county.

The Southeast Homer farmers examined the soil on this Lauffer farm at several places by making soil borings. Depth, color and texture of the top and subsoils were studied. Kelley explained that it was valuable to know the characteristics of the soil on your own farm so that it can be managed properly.

Top soil was still in place on the level land on the Lauffer farm. On slight slopes there was slight sign of top soil slipping away, while the moderate slopes showed an absence of part of the original layer of top soil.

The neighborhood group members are all convinced of the value legumes and grasses have in opening up the soil and giving it a healthier structure.

Russell Lauffer, chairman of the neighborhood conservation group, stated that he believed one received enough value in ease of working the soil to justify the expense of seeding the legumes.

The Southeast Homer group members will join the Western avenue neighborhood group to tour the George Bovee farm, one-half mile north of Manhattan on Highway 22, at 9:00 a.m., Tuesday, October 24. The Bovee farm exhibits various farm conservation practices that have been put in effect in recent years to boost production and hold the soil in place.

The Southeast Homer member attending last Wednesday's meeting were: Russell Lauffer, chairman Stanley C. Coe, Kenneth Lauffer, Herbert Cooper, Roddy Knierlen, Louis F. Sasser, Loren L. Sasser, Daniel H. Sasser, and Fred Lauffer.

BECAUSE -

In answer to the article captioned "Why" in last week's issue regarding the old cemetery it was reported that the place was looked after several years ago.

During the presidency of Mrs. Anton Benson in the Garden club and during her tenure of office as civic chairman of that organization, she cut the grass there with a lawn mower and also took care of the weeds that had to be cut with a scythe.

Mrs. Benson made a practice of putting bouquets on the graves on Memorial Day, July 4th, and Labor day. She planted petunias there and with one exception supplied all of these flowers from her own garden. The Garden club disbanded in September 1943 and shortly after that Mrs. Benson was employed in Chicago. Since then no one has taken on the responsibility of caring for the place.

ANNOUNCE ENGAGEMENT

Mr. and Mrs. Henry C. Luplow, of Mokena, are announcing the engagement of their daughter, Joan Barbara, to Lloyd Edward Tomany, Jr., son of Mr. and Mrs. Lloyd E. Tomany of New Lenox.

CARD & BUNCO PARTY

The Summit Hill Boosters will hold their monthly card and bunco party Friday, October 20, at 8 o'clock. Hostesses are Mrs. Clarence Lauffer and Mrs. William Schellhaase.

The pupils will put on a program of square dancing before the card part. New officers were elected at the last meeting, president, Mrs. Norman Krumweide; vice president, Mrs. Jerome Daugherty; secretary, Mrs. Fred Hentsch; and treasurer Mrs. John Bettenhausen.

Home Bureau Held Training School in Joliet For Officers

Will County Home Bureau units were well represented at the officers training school held in the Club rooms of the public library in Joliet recently. Mrs. Betty Wingrove, Will County Home Advisor, introduced the new members of the executive board, also Miss Gertrude Kaiser of the University of Illinois who conducted the meeting.

With 53,900 members of home bureau in the state, Miss Kaiser said homemaking is a professional business for women. A few of their duties outside the home consist in attending home bureau demonstrations, developing leadership and assisting the youth program.

Federal, state and county organizations work together to carry out such programs as "To Understand Other Women of the World" and "To Work for the Betterment of Schools."

Mrs. Wingrove presented the Braidwood unit with a gavel as a reward for obtaining the greatest increase in its membership.

The afternoon session dealt with parliamentary procedure of a meeting and duties of the executive committee and its members. This was followed by group discussion.

Mrs. Earl Keniston, newly elected chairman of the Will County Home Bureau, presided at the October meeting of the Executive Board held in the conference room of the Farm Bureau building.

Plans were discussed for appointment of a 4H county committee for the purpose of setting policies for 4H leaders.

Local home bureau units will be represented at kick-off meetings for the hospitalization drive which will accept new members from October 23 to November 8.

Miss Helen Goodwin of Wesley unit was appointed county music chairman and the county radio program chairman is Mrs. Fredrick Wedd of Troy unit.

O. P. School to Have Dance Sat. Night

A square dance, followed by social dancing, will be held in the Orland high school gym on this Saturday night, beginning at 8:00 o'clock. Bill Schofield, son of Mr. and Mrs. O. C. Gefken, 108th avenue, will call the square dance and furnish music for the social dancing. Bill will be remembered as one of the fellows who played the piano during intermission at the New Year's Eve party. He is majoring in recreation and plans to make this his life's work. During intermission, the students will put on a talent show and award a prize for the best skit.

This is the first of a series of Youth Recreation programs being planned. The Student Council, with the help of the student body will be in charge of entertainment and publicity this year. They will be assisted by the Orland Park Women's club, who will sponsor the activities and furnish refreshments at cost. A small admission fee will be charged to defray expenses for callers etc.

Later programs will include game nights (ping pong, badminton, shuffle board, volley ball etc.), skating parties and dancing.

LETTERS TO THE EDITOR

Oct. 12, 1950
Congratulations on your Editorial in regard to our Flag.
Dr. W. V. Hedges

Tinley Park, October 15, 1950
Dear Mrs. Semmler:
Congratulations on your editorial regarding the flying of the U. N. flag on all public buildings.

The nationwide publicity given to October 24th, United Nations Day, is very encouraging, considering that we celebrate our own Flag Day on June 14th and the fact is barely mentioned in the press or on the radio. The United States of America seems to have been supplanted by the United Nations in the hearts of those whom we look to for leadership. The urgings of other countries and their leaders have precedence over the desires, even the demands of American citizens.

It's time we show our disapproval of these things by demanding respect and glory for the Stars and Stripes and No Other.

I'm sure many feel the same, though unwilling to put their feelings into writing.

Very truly yours,
Mrs. Harold Zobac

Editor's Note: I want to thank the many who have called us and expressed their mutual opinions concerning the Flag editorial. We are glad he is able to return home, one person was in favor of the UN flag.

SPAGHETTI SUPPER

The Youth Fellowship of the Frankfort Methodist church will sponsor a spaghetti supper in the church parlors Tuesday evening, November 7. Serving will be from 6 to 8 p.m. They invite everyone to attend.

GOP SPEAKER EXPLAINED NEW FLAG MEANING

Today's Washington officials now think of the red, white and blue in the flag stand for red herring, white wash and blue potatoes.

This charge was made last Tuesday evening at the Republican rally in Joliet by Miss Lillian Schlagenhauf, a Quincy attorney, who was the principal speaker.

Miss Schlagenhauf addressed an audience of approximately 800 persons who attended the tri-county GOP rally for voters from Will, Grundy and Kendall counties. The rally was sponsored by the Republican Women's club of Will county.

The Quincy attorney declared that never before have Americans approached an election with such solemnity and that never before has the great American Republic been so near to collapse.

"Instead of having the giant minds of the country at the helm, the government is in the hands of stupid selfish sidgets who do not know where they are going," she observed.

"Truman says there are no subversives in the government. Yet every day, the FBI is uncovering new followers of the Kremlin," she pointed out.

Miss Schlagenhauf urged the election of GOP candidate for Congress, Dirksen, by saying that "the fate of our country rests in a patriotic Congress that can and will rule with a steady and firm hand."

She warned, too, not to let the Korean war becloud our vision and make it difficult to realize what is going on at home else the New Dealers will seize our entire economy and take it over."

Noting that the New Dealers pride themselves on their liberalism, she added, "The only liberalism they know is spending your money. They spend it like confetti."

Miss Schlagenhauf warned also about the restrictions that would be placed on farmers if the Brannan plan is approved.

"A farmer would have the deed to his farm, but no control. And from government control to government ownership is but a single step. If the Brannan plan is effected, it would mean that the free American farmer would be no more."

The Spence bill, the speaker said, would give the president unlimited powers to allocate materials and utilities any time he felt they were not being operated properly.

During the rally, state, district and county candidates were introduced.

Also addressing the rally was the candidate for state treasurer, Stratton. "Don't be fooled by the campaign mutterings of the hand-picked stooges of the Chicago crime ridden Democratic machine," he warned.

"Chicago citizens are dying by gangland guns and organized crime is piling up while Governor Stevenson is busy having the state police raid penny ante and petty gambling."

Our state department-trained governor sits in his \$60,000 penthouse atop the state building in Chicago. Meanwhile, the state employees ride up and down the elevators carrying bets to the bookies on the first floor. Let us not forget that Stevenson testified to the good character of Alger Hiss, the perjured Red," he added.

Searcy spoke also and said that he was "interested in a victory for the Will county Republican ticket and of the district candidates."

Searcy added that these are two big "ifs" in the coming election which he discovered in his travels about the state. "If" people vote as they talk and "if" the voters get out on November 7, the GOP should be assured of an election.

Honor Couple With Post Nuptial Shower

Approximately two hundred relatives, neighbors and friends gathered at the Town hall Saturday evening to shower the newlyweds, Mr. and Mrs. Wilbert Henry with many lovely gifts. Mrs. Henry is the former Anna Mae Bump, granddaughter of Mr. and Mrs. William Bokoski, with whom she has made her home.

The hostesses, Mrs. Edward Henry and Mrs. George Bump, were assisted by Misses June Winkle, Joyce Reiter and Mildred Jungles. The latter attended to the guest book, Miss Marion Kolar, bride's cousin, poured.

The table from which a bountiful buffet supper was served, was beautifully decorated with autumn flowers. Guests were present from Downer's Grove, Lemont, Elgin and Chicago.

The couple will live in an apartment in the farm home of the groom's parents, Mr. and Mrs. Edward Henry, on Parker road.

CHICKEN SUPPER AT MARLEY

The annual supper and bazaar of the Marley Missionary society will be held at the Marley church, Thursday, October 26. An oven-fried chicken supper will be served from five until 8 p.m. There will be a Country store, a grab bag for the children, and a candy and bakery booth. Fancy work, aprons and rugs will also be offered for sale.

4H Group Begins New Club Year

The Frankfort-New Lenox 4H club held their meeting October 10 at the Marley school. 22 members and two leaders were present. The meeting was opened with the 4H pledge. There were two new members, John Marco and Michael Suiter.

The following officers were elected: president, Betty Hass, vice president, George Archibald; secretary and treasurer, Dan Hecht; reporter, Arleen Borms; recreation chairman, Mary Lou Loube, program chairman, Miss Day Martin; Flag chairman, Wesley Hass.

Delores Cleveland regrets leaving the club. She was married recently.

I. D. MARTI, 56, TAKEN BY DEATH

Immanuel Marti, life long resident of Mokena, passed away suddenly in his home Wednesday morning at 4 o'clock of a heart attack.

He was taken ill Sunday with influenza and went to the office of Dr. W. H. Cave in Frankfort for medicine. The doctor called at his home three times Tuesday and it was not thought that his illness was serious.

Mr. Marti was born August 20, 1894, on the old Marti homestead in Mokena where he lived all his life. He was the son of the late Mr. and Mrs. Nicholas Marti. On January 25, 1922 he was united in marriage with Miss Luella Beagley of Orland Park.

Together they took an active part in the community. He was secretary of the Pure Milk association for many years, and at the time of his death was a member of the advisory board.

He was secretary of the F-Men for four years which office he still held, was an active member of St. John's Evangelical and Reformed church at Mokena, holding several offices among which was president of the board; president of the former Mokena School Band association. He at all times was interested in the welfare of his community.

Surviving beside his wife are two daughters, Mrs. Marjorie Leyerle, Joliet, and Mrs. Corinne Horras, and two grand children, all of Mokena. A son preceded him in death in 1931.

His body has been removed to the Hirsch funeral parlors at Tinley Park where friends may call after Thursday noon.

Funeral services will be held in St. John's Evangelical and Reformed church, Mokena with the Rev. William Riemann officiating at 2 o'clock Friday.

Interment will be in St. John's cemetery.

COMPLETE DRY CLEANING PLANT

The F&M Cleaning establishment in Tinley Park has just received their last piece of equipment which completes their dry cleaning plant. It was installed last week.

The F&M Cleaners are now offering quicker service, all the work now being done in the Tinley plant.

Under The Cross Of Malta

There should be something for everyone for the Halloween season, starting with a masquerade ball on Saturday, October 28. There will be prizes for the most comic couple, comic single etc.

Then on Tuesday, October 31 there will be a twilight bonfire and Weiner roast for the small fry. Everyone must have some branches or scrap lumber to dispose of. If so, haul it up to the back of the VFW lot. The bigger the pile, the bigger the bonfire.

The only admission for the youngsters on Tuesday night will be a willow stick to roast their hot dogs on. Comrade Babcock says he will have some apples, so if some would like to duck for them, that will be more fun.

There was so much discussion about other things we did not go into any discussion about what we might do for civic improvement or service, if you please.

However, we do believe that by showing the youngsters a good time on Halloween we are doing a community service that is more far reaching than pretying the old cemetery.

However, the old cemetery is sorely in need of attention. To do something is a must for someone, and I think if the veterans take the initiative many others will get into the spirit and give us a hand. It should be a community project and not a "job" for a club or group.

DONALD MASON SUFFERS FATAL INJURIES; DIES IN WIS. HOSPITAL

Pleasant Fishing Trip With Father In-Law Ends in Mishap Wednesday Night

Mokena Boy Attends FFA Convention At Kansas City, Mo.

Martin Medema, a senior at Joliet Township high school and a reporter of the Future Farmers of America, writes an interesting article on the F.F.A. officers convention.

The convention held at Kansas City, Mo., was attended by officers from the 48 states, and Hawaii Islands. It was the 23rd annual convention and was held October 9 to 13.

The Officers of the Joliet Chapter left Sunday morning, October 8 at 4:45 o'clock and arrived there that same evening at 5 o'clock, going by motor.

Martin states the trip was interesting as we saw many colors covering the hills.

"The national speaking contest was held Monday evening with five members participating. After the contest the National F. F. A. chorus, under the direction of James W. Hatch, state department of education, sang several selections.

"An address was given by the Honorable Charles F. Brannan, secretary of agriculture, which was interesting and enlightening. Also as part of the Tuesday morning session William E. Kemp, mayor of Kansas City gave an address of welcome.

"At 10:00 p.m. Wednesday there were tours to points of interest. One of the tours was of the Ford assembly plant and the Butler Manufacturing company where they make grain bins, hog feeders, sheet metal buildings, and tanks for oil trucks. The other trip went through the Chevrolet assembly plant.

The final session was held at 7:00 p.m. Thursday when the new officers were installed. Past officers were presented with pins and certificates by the new president. As entertainment for the last meeting the Saddle and Siroin Club, American Royal association, and Kansas City Chamber of Commerce, presented "Kansas City Night" which was much enjoyed by all.

The Joliet group stayed in the Chase hotel where they were.

Annual School Fair At Frankfort Oct. 27

The annual School Fair of the Frankfort public school will be held Friday, October 27, beginning at 8 p.m. As has been the custom in years past, there will be stunts, exhibits and other entertainment by the school children.

Everybody is invited and a large crowd is anticipated as this fair has been one of the outstanding events in Frankfort for several years, and many enthusiastic visitors from other communities attend every year. The children will be in costume and will exhibit their fancy work, pets and baked products among other things. They will also put on a puppet show.

Green Garden PTA

The Parent-Teachers association of the Green Garden consolidated school met recently. The Busy Homemakers' unit of the Home Bureau, entertained with their Kitchen band. Also on the program was Phyllis Nieland in an acrobatic dance. Mrs. Harry Voight is president of the organization. After the program refreshments were served by the officers.

Prize Winners in Frankfort Parade

The children who participated in the Frankfort festival parade added much to that colorful and interesting pageant, and many were awarded prizes. Passengers in the covered wagon, which was given first prize, were Elaine Mager, Carole Peterson, Alan Mager, Herschel Cave, Roy Koerner, Jr., and David Zechlin. Each received \$2.00 and two free rides.

A family group won second prize \$1.00 and two free rides each, and the members of this were Juanita and Joan Hanson and Sandra Schneider. The third prize of fifty cents and two rides went to Dennis Harnack, with his wagon and puppy. This carried the title, "Frankfort as a pup."

Every child in the parade received a treat of a chocolate milk drink and the following received two free ride tickets: Jerry Nolan, on a horse Willis Schroeder, clown on bike; Norman and Shirley Sievert, with a miniature Service Bakery truck; Jimmy Knipple, miniature limestone truck; Janette Sievert, as a bride; Barbara Schier with her baby buggy and Donald and Allen Waldvogel as western troubadours.

The judges were Mrs. George Elsner, Miss Lola Harnack, Adam Haisner, William Hanson and Walter Schoen.

MYF PLAN HALLOWEEN PARTY AT NEW LENOX

The MYF of the Methodist church in New Lenox will meet in the church every Sunday evening at 7:30 o'clock. Their first meeting was held last Sunday at which time plans were made for a Halloween party.

IMPROVING

It is expected that Henry Bettenhausen will soon return home. He is still confined to his home. He has a chest cast to overcome injury in that location. His friends are indeed glad to know that not

All Tinley Park was shocked and grieved last Wednesday evening when word was received of the serious auto accident of Henry Bettenhausen and his son-in-law Donald Mason.

The two were returning from a fishing trip of several days in northern Wisconsin. With Mr. Bettenhausen driving, they failed to make a curve in the road near Marshfield, Wis., and went into a ditch, overturning several times. It was in the early part of the evening about seven o'clock, as much as can be learned.

Mr. Mason was severely injured. Mr. Bettenhausen not as seriously, and the car is a total wreck. Mr.

Donald Mason remains a patient in the hospital.

They were both taken to St. Joseph's hospital in Marshfield where Donald died shortly after arriving.

Mrs. Bettenhausen, accompanied by her son Milford and Kenneth Niemann, left at once for Marshfield.

Donald Mason, 32, son of Mr. and Mrs. Raymond Mason Sr. of Tinley Park, was born October 22, 1918 at Watertown, New York. He moved with his parents to Tinley Park in 1935. He was graduated from the Hyde Park high school and entered the services of the armed forces of his country in January, 1942, being mustered out in December 1945.

On August 4, 1946 he was united in marriage with Miss Marie Bettenhausen. He was actively engaged in the Hardware store of his father-in-law where he was a likeable and accommodating person and made many friends.

He was a member of the Lions club, the Adult group of the Methodist church and of the bowling team of the "B" league.

Surviving beside his wife and two children, Steven, three years old, and Marie, nine months, are his parents, five brothers, Raymond Jr., Richard, Frank, Robert and George, a sister, Mrs. Norman Wyman, and grandmother, Mrs. Mary Giras of Erie, Pa.

Funeral services were held in the Tinley Park Methodist church Saturday afternoon with the pastor Rev. Fred Shandorf officiating. Arthur Lambrecht of Frankfort was the soloist singing "In The Garden" and "Ave Maria". Burial was made in the Tinley Park Memorial cemetery.

The large church was far too small to accommodate the many relatives and friends who came to pay their last respects.

Growing in Prayer

Lesson for October 22, 1950

LIFE MAGAZINE, which does not set up as an authority on religion some years ago carried a story about a little girl who was going to be confirmed in the Episcopal church. In describing the requirements for confirmation, the reporter said she had "graduated from 'Now I Lay Me' to the Lord's Prayer."

Most Christian ministers, including those of the denomination in which she was confirmed, would agree that (1) if that is as far as she had "graduated," she still had a very long way to go in learning about prayer, but (2) the little girl had got about as far as thousands of "Christians" ever go. They learn the Lord's Prayer when they are children and that's that. When they grow up they don't actually pray, themselves; they leave it up to Grandma or the preacher—or the tiny tots who "sound so cute" saying "Now I Lay Me."

Dr. Foreman

The Lord's Prayer

THIS is not meant to say anything against the Lord's Prayer, or to imply that we are wrong every time we use it. But our Lord did not mean that prayer to be used as a magic formula, he did not intend it as a substitute for our own free prayers. We know this is so, because in the first place he himself never used that prayer again, and in the second place, although dozens of prayers by Apostles and others are recorded in the New Testament, the Lord's Prayer, as such, is never used. Then what is the Lord's Prayer?

It is his suggestion as to the lines along which, and the spirit in which, we ought to pray. (See the book by William Douglas Chamberlain on the Lord's Prayer, "The Manner of Prayer.")

One truth suggested by the Lord's Prayer is that we are not alone in the world. Every verb, every pronoun referring to the one who prays, is in the plural—OUR Father... forgive US... lead US... We have to remember that God is Father of others, not of ourselves alone; that we dare not be selfish in asking special favors of him for ourselves.

Maturing in Prayer

PRAYER at its lowest level is nothing much more than "Gimme." The untaught prayerer may even talk to God as if he were a personal servant, a kind of celestial bell-boy on call whenever we ring for him.

The growing Christian will grow in prayer as in all things; even when he prays as an individual, he will be remembering how many ties bind him to other individuals; he will pray less and less for his own necessities and more and more for what he may share with others.

The beginning Christian, the childish Christian, will pray as a child prays. If his prayers were all arrows they would all point toward himself. As for the mature Christian, if his prayers were visible arrows they could be seen pointing into all the world; he will have those in every land for whom he prays, for his heart bears their names in love and faith.

Learning God's Will

A GOOD deal of worrisome argument has gone on over the question: Can prayer change the will of God? We shall be less bothered by that question when we discover two truths.

One is that in the Lord's Prayer, and in the Bible generally, we have already revealed to us the lines along which God's will moves; and the other is that prayer itself is a means of learning God's will.

If we know that God's will is against something, then, if we have any sense, we know there is no use in praying for that thing. If we know God's will desires something, then we can be confident that our prayers in that direction will be heard with favor.

A study of the Lord's prayer, from this angle, will teach a Christian how to pray in accordance with God's will. Paul knew this. When he prayed that his Philippians friends "love may abound more and more," he knew very well that this was precisely in line with the will of the Father who is eternal Love.

PICK YOUR CORN EARLY!

Dry It In Crib, with Behlen All-Steel Ventilators and Tunnels

New, modern, fast way to dry corn. No more waiting for corn to dry in fields. Pick early, when mechanical pickers work best. Crib it, and let Behlen Ventilators and Tunnels dry corn faster than you ever dreamed possible.

GOODBYE TO CORN BORERS!

Agricultural colleges and experimental stations recommend picking early, to help control corn borers. You get your corn into cribs to dry, and shred or chop stalks and plow under before ground freezes, to kill the borers.

Behlen Tunnels not only ventilate, but are very handy for shelling. Just run sheller "drag" into tunnel, as at left. Pull out tunnel sections one by one. Corn drops onto conveyor belt. Saves hours of labor!

COME IN NOW!

Don't wait. We have Behlen All Steel Ventilators and Corn Tunnels on hand now. But due to present industrial situation, we cannot promise we will get any more this fall. We strongly urge you to come in right away, while we are still able to supply you. Cost is less than for old-style wood ventilators

Huge new Community High School Plant which will be dedicated by General Eisenhower October 23: The \$2,225,000 campus buildings and grounds of Community High School district 218 will be dedicated with a 2 day program Oct. 22 and 23. General Eisenhower will speak at ceremonies beginning at 2:45 p.m. Monday, Oct. 23 at the high school stadium, 127th street and Sacramento avenue, at the edge of Blue Island but also serving a dozen communities in a 32 square mile area. Above (1) front view of the new 32 classroom academic building and (2) west view taken from stadium (foreground) showing power plant at right, academic unit (center) and gymnasium on left.

committee; and Mrs. Alveta Stewart, chairman of the Country Towns Republican women; are heading up a drive in Cook county, similar to the drive throughout the nation initiated by the Republican National committee, to enroll voters who will get five or more qualified voters who failed to vote in November 1948 to agree to vote Republican next November.

It is estimated that there are in Cook county nearly one million citizens who did not vote in 1948 who are qualified to vote in November 1950. "The panzer divisions of the well-oiled and well-financed Democratic Machine in Cook county," said Mr. East, "got out nearly its total vote in that election. The overwhelming majority of those who failed to vote were potential Republican voters. Our job is to get them to vote in this contest."

"The organized forces of the Republican party in Cook county are busy at this task. But they must be augmented by an aroused citizenry of non-professional volunteer workers who recognize the fact that the Republican party is the only agency through which the forces of Communism and subversion at home can be stopped, as they were stopped so effectively in Korea under General MacArthur."

**Curved Roof Advantages**

A GREAT advantage of hardboards, a versatile building material that is available in panels, is that they may be bent to form curves, arcs and even circles. The curved roof like the one on the chicken house illustrated below is simply bent into position over a framework of lumber.

Curves of 10-inch to 40-inch radius, depending on the thickness of the panel, may be made without preliminary treatment.

ment. Even smaller radius bends may be made by increasing the moisture content of the Masonite hardboard. This is done by scrubbing the screen side with water and stacking the panels, screen sides together with wet rags between them, for 24 hours before using.

Curved roof buildings have numerous advantages, especially on the farm. It is desirable to move poultry houses and hog houses to clean areas at frequent intervals. Structures having sides and roof made of a curved panel of tempered hardboard can be moved without damage. In areas subject to wind storms, this type building stays in place because there is no place for the gales to "take hold."

Then, too, in larger structures like a machine shed, garage or a brooder house, the arched roof construction gives ample headroom.

Mother in hospital puts child to bed by telephone!

When his wife went to the hospital, Mr. Stanley F. Johnson, of Chicago, found a new use for his telephone.

"It was the first time our daughter Christine, age four, had been separated from her mother," writes Mr. Johnson. "We thought it was going to be quite a problem, but thanks to the telephone we got along very well."

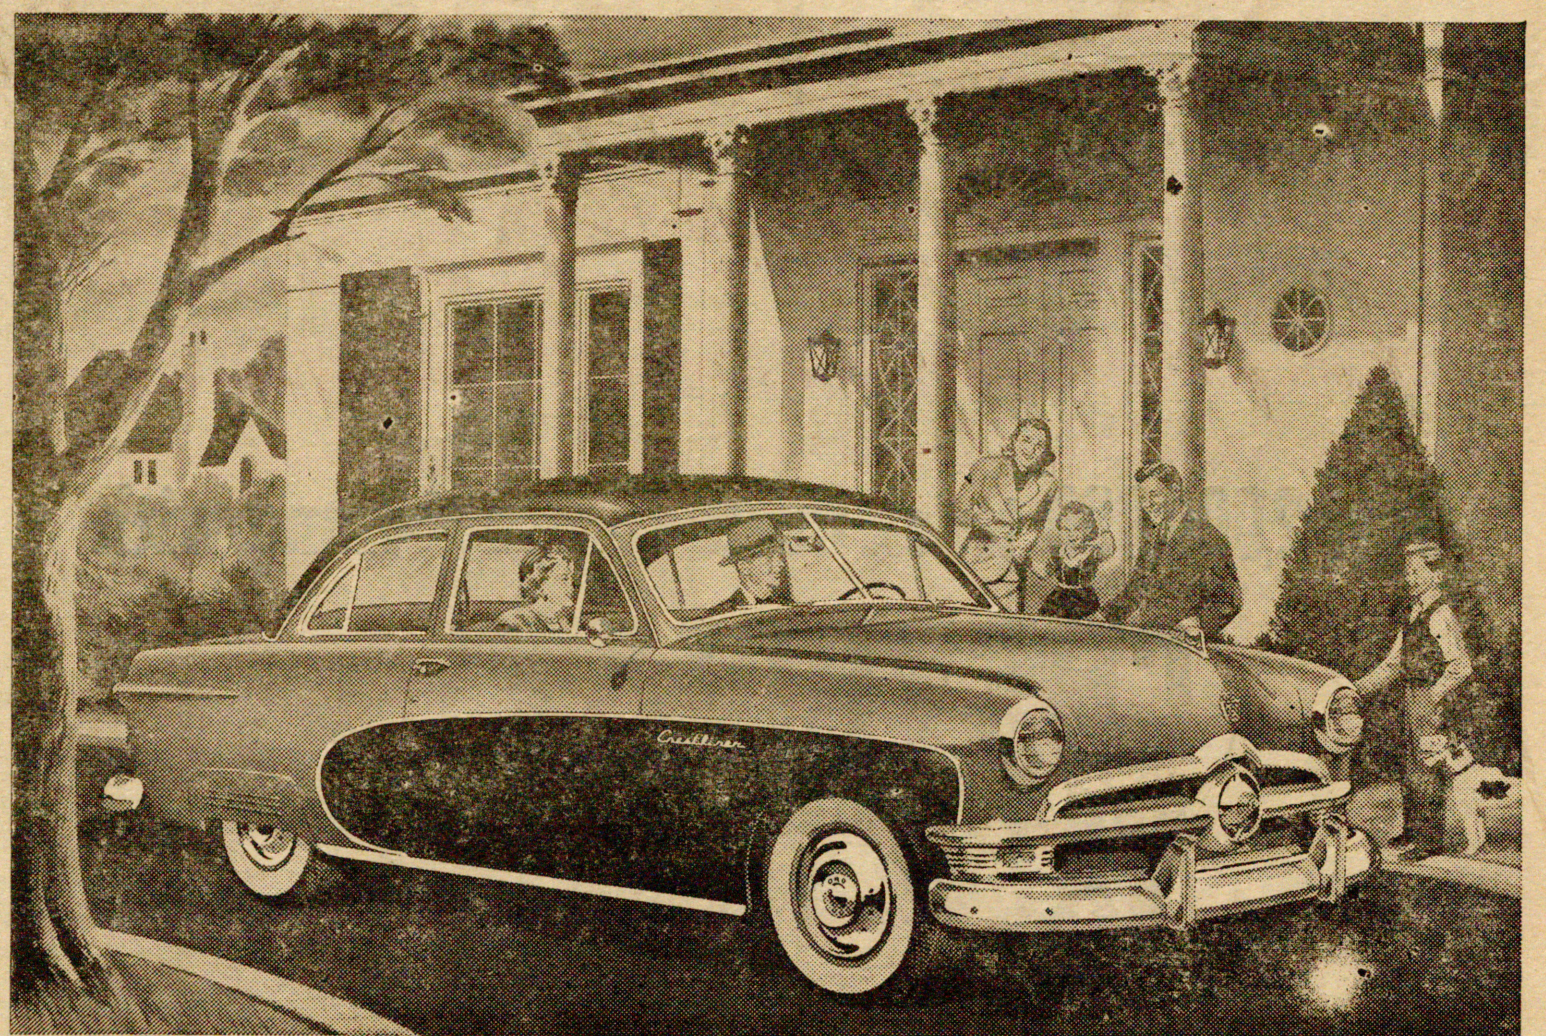

"Before her nap in the afternoon and before going to bed at night, we called the hospital and Chris talked with her mother for a few minutes. Even though she may have been fussing about going to bed a few minutes before, talking to her mother quieted her down and she was ready for bed."

"Cost of telephone service?" asks Mr. Johnson. "How can you measure it against the comfort we received that week?"

No price can measure its usefulness!

Almost every day we hear of some new or unusual use of the telephone that increases its value to someone. We'd like to hear your telephone true story. Write:

These days you can't tell from the price tag how much quality a car holds. Ford, for example, is still priced with the lowest... yet in other respects it's in the fine car class. Take its styling, for example; for two years in a row Ford has been the recognized fashion leader.

Like America's finest cars Ford offers you a V-8 engine. No other low-priced car does. Nor does any other car at any price offer you a choice of V-8 or Six engines. And remember, Ford's V-8 costs hundreds less than most sixes—Ford's Six costs even less.

Quick Scene-Changer for Fall

Here's a functional ensemble that can head your fall fashion list. The straight, slim skirt is definitely new. Wear the reversible coat-jacket with checked side out during the afternoon, change to the solid side, add a gay hat and furs and you're off to dinner. The fashion editors of Cosmopolitan magazine recommend this versatile ensemble for your fall wardrobe. A

Elmer Layden Urges All Americans To Exercise Rights At Ballot Box

CHICAGO, ILL. — Elmer Layden is pictured above with the emblem of Americans Will Vote. He is former Notre Dame football coach and member of the historic "Four Horsemen" squad, who has been elected President of this new, non-profit, non-partisan, non-partisan organization designed to encourage Americans to exercise their franchise and privilege to cast their ballot on election day. The objects and purposes of Americans Will Vote as stated in the Article of Incorporation, include the following:

"Americans Will Vote is an Illinois not-for-profit corporation, non-political and non-partisan, organized exclusively for educational purposes, and particularly education of Americans to exercise their right and responsibility to vote in all elections and on all questions submitted to vote."

Officers of the organization, in addition to Mr. Layden as President are: Vice President, Henry F. Woulfe, former President of Peppercorn Corporation and now Vice President of Manz Corporation; Secretary, Frederick W. Turner, Jr., prominent Chicago attorney; and Treasurer, John C. Wright, president of the La Salle National Bank.

Directors include: John C. Bowers, real estate broker; Harold S. Russell, President, Railroad and Industrial Products Company; Otto Schneringer, President, Curtiss Candy Company; Charles T. Scott, owner Scott Steel Company, and Henry F. Woulfe.

Commenting on the formation of Americans Will Vote, Mr. Layden said: "In the last general election only 45 million persons out of approximately 93 million eligible to vote, did vote. That means only about one-half of the persons in the United States entitled to express their voice of democracy exercised their rights and privileges. In forming Americans Will Vote one principle and one principle only is foremost, and that is to impress upon the citizens of this nation the prerogative they enjoy at the ballot box, and to encourage them, regardless of political party affiliation, religion, race or creed, to use it."

OUR DEMOCRACY — By Mat

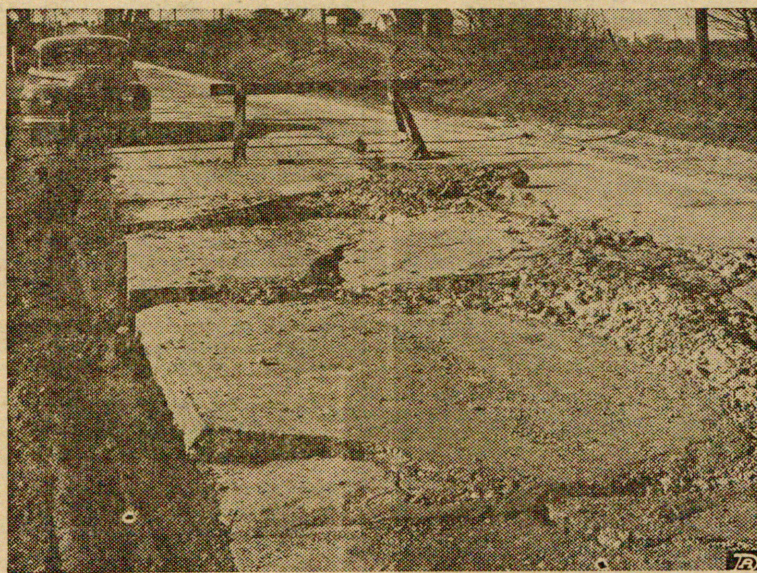

THRIFT FORGES THE TOOLS

THE SAVED MONEY OF MILLIONS OF PEOPLE PROVIDES THE IMPLEMENTS OF PRODUCTION—THE PLANTS AND MACHINES THAT MAKE AMERICA'S INDUSTRY POTENT IN PEACE AND MIGHTY IN NATIONAL DEFENSE.

UNDER OUR SYSTEM OF INDIVIDUAL OPPORTUNITY, THESE THRIFTY PEOPLE, THROUGH THE INVESTMENT OF THEIR SAVINGS, ARE THE OWNERS OF A PRODUCTIVE EQUIPMENT UNRIVALED BY ANY OTHER FORM OF ECONOMIC ORGANIZATION—A POWER CREATED BY FREE MEN, AND A FORCE TO KEEP THEM FREE.

Small Road Funds—Big Holes

Broken down pavement pictured in the above close-up view of Illinois Route 31 in Kane County will be characteristic of 60 per cent of the Illinois state primary system within the next eight years unless more revenue is provided for highway construction. At the current rate of road construction expenditure (about \$33,000,000 annually), it would take the state 34 more years to meet present day demands.

SPRINGFIELD, ILL. — Out of every \$20 collected in road fund revenue in Illinois each year, only about \$3.87 can be used for actual state highway construction, according to Charles P. Casey, director of the state Department of Public Works and Buildings.

A summary issued by the department chief showing the distribution of annual motor fuel tax and license fee collection disclosed that 13 other expenditure items must be paid from this revenue before highway construction receives its small share of the money.

The state collected \$62,408,593.18 in gasoline tax last year, Casey said, but from each \$10 of this gross amount, only \$2.74 went for highway construction. The breakdown showed this distribution: refunds to non-highway users, \$1.49; administration of motor fuel tax act by Division of Highways and Department of Revenue, 14 cents; to cities and counties as their one-third share of the gas tax, \$2.79 each; to state highway construction, \$2.79, less five cents which the state applied on city street maintenance.

State highway construction fared even worse in the distribution of the motor license fee collections in 1949, Casey asserted. Here out of each \$10 in a total annual revenue of \$42,971,

637.08 only \$1.13 was left for highway construction. The breakdown for all purposes on this fund was: Secretary of State for operation of the state automobile and operators' license department, 80 cents; Department of Public Safety for policing the state highways system, 74 cents; State Treasurer for payment of principal and interest on highway construction bonds, \$2.04; court of claims awards and employees compensation claims, 4 cents; highway maintenance, \$3.10; refunds to counties, 27 cents; administration and engineering costs, \$1.08; land and buildings, 2 cents; heavy patching, 78 cents; highway construction, \$1.13.

"Applying this breakdown to the total revenue for the road fund," Director Casey said, "we find that out of more than \$105,000,000 collected in 1949, less than \$21,000,000 was available for actual highway construction. Just how far short of minimum requirements this leaves us is very clear when we remember that engineering experts set an annual figure of \$149,263,000 as the amount which the state should expend in actual road construction during the decade ending in 1953 if we are to make any real headway in solving our critical highway problem."

TAX FACTS

By Geo. J. Mahin, Executive Secretary Taxpayers' Federation of Illinois

Drastic tax increases will be possible in most Illinois counties in the near future, unless the Illinois General Assembly enacts protective legislation at its 1951 session. Local governments in DuPage, Lake and White Counties will have almost tripled taxing power. On the other hand, local governments face a reduction in taxing power in three Illinois counties, with Calhoun County governments in worst shape with a potential 13.8% cut-back in taxing power. Chicago, subject to special legislation, will not be effected, but Cook county governments outside Chicago will be.

In Cook county, each local government will have an increase of

52.4% and in Will County 115.5% in taxing power except for those which have had increases already through referendum or have been created since January 1, 1946. How much tax bills actually go up will depend on the amount levied by the local governments.

This new tax cataclysm will arise from the expiration December 31, 1950, of the present Hodge Act, which since 1947 has protected taxpayers against drastic increases in local tax bills without the consent of a majority of the voters at a referendum.

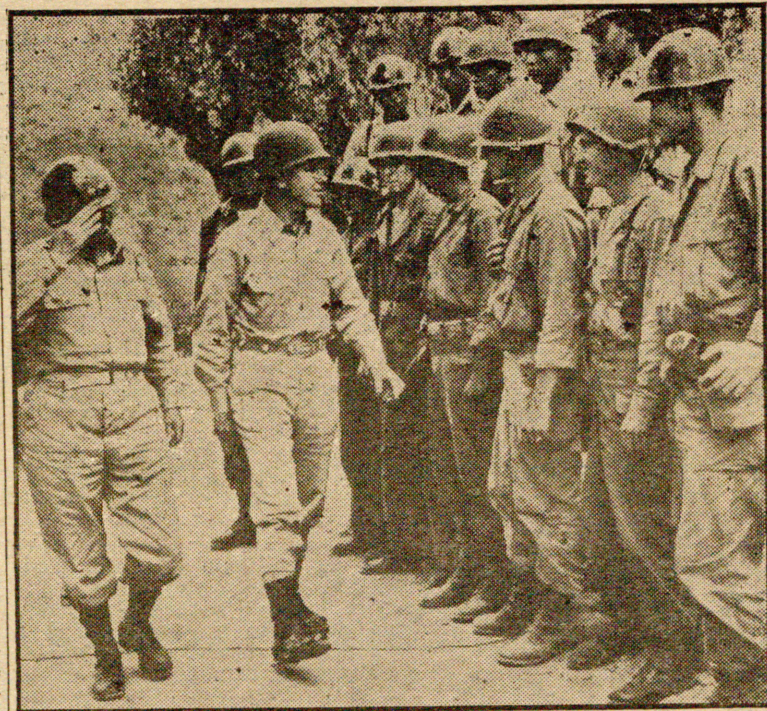

The Taxpayers' Federation of Illinois had hoped to solve the problem by persuading the 1951 General Assembly to enact permanent limitations on taxing power of local governments similar to the temporary limitations provided by the Hodge Act. However, there was serious doubt that the Illinois Supreme Court, which had approved the constitutionality of the present limits on a temporary, transition period basis, would hold such limits constitutional if made permanent. With the cooperation of the Illinois General Assembly, the Taxpayers' Federation secured passage of such a permanent limit on a minor fund at the 1949 session, and initiated litigation to test its constitutionality. On September 21, the Illinois Supreme Court held this legislation unconstitutional on a permanent basis.

Consequently, we know now that some new system of limitations on taxing power of local governments must be devised that will be constitutional, and must be enacted by the 1951 General Assembly.

To devise such a new system that will be possible protection to taxpayers without crippling local governments will require the maximum possible amount of factual information, the combined efforts of the best informed tax and legal experts, and united action at the legislature. Therefore, the Taxpayers' Federation of Illinois invited other major citizen organizations to send representatives to a meeting October 5 to discuss how best to accomplish such a program of cooperative and united effort. As the result, a joint committee of citizen organizations is to be formed at a second meeting to be held on October 19, to work on this one problem.

cal governments in DuPage, Lake and White Counties will have almost tripled taxing power. On the other hand, local governments face a reduction in taxing power in three Illinois counties, with Calhoun County governments in worst shape with a potential 13.8% cut-back in taxing power. Chicago, subject to special legislation, will not be effected, but Cook county governments outside Chicago will be.

A GENERAL INSPECTION—Lt. Gen. Walton H. Walker, commanding general of the 8th Army, salutes a small detachment of American and South Korean troops being inspected near the battlefront by Gen. J. Lawton Collins, Army chief of staff. In contrast to rigidly formal stateside inspections, the G.I.'s were all smiles as the generals praised their conduct in combat.

schools with just about every major make of automobile. Some of the dealers have furnished three or four such cars. The total investment represented by these driver-training automobiles adds up to close to half a million dollars.

And look at the job the schools are doing because of these cars furnished so generously by these dealers. They're training more than 18,000 high school boys and girls this year how to drive better, just in the 96 counties in Chicago Motor Club territory alone.

"Not one of these automobile dealers had to do this. But they did it. And because they did it they are helping to save lives, not only now but for the future. Because they are helping to train a whole new generation of young people how to drive better.

"Nationally this high school driver training program—aided and abetted by public-spirited automobile dealers and the AAA—is using 4500 cars in the training of a quarter-million students. It's a big program. And it's growing.

"The goal will be reached when every high school student in the land will have the opportunity to take this behind-the-wheel training. That will be a great day!

"The cooperation of these automobile dealers—these business men with the high school driver training program is a spectacular example of the finest in big-hearted public service.

"It deserves the sincere applause of all of us.

"And it deserves our heartfelt thanks."

In the October issue of Motor News, Chas. M. Hayes, president of the Chicago Motor Club says: "A lot of people with odd ideas have been doing a lot of screaming about the American business man over the past several years. They have called him a lot of names, ranging from bad to worse. They are willing for him to pay taxes, of course—the more the merrier. But the more successful he becomes, the more some of these strange people seem to like to poke pins in him.

"Now I don't need to try to defend the business man. The record speaks for itself, and it is a record of real achievement to be proud of.

"But sometimes I feel that the business man fails to get enough credit for some of the real contribution he makes to the public welfare. And I'm in favor of seeing that he gets some credit—a pat on

the back instead of a stab in the back.

"The automobile dealer is a business man. He has his problems as well as his profits. He is very well aware—as all business men are—that there may not always be profits every day, but there will certainly be problems, all kinds of problems, every day.

"Some of his problems are the problems of his community—his problems as a citizen. So he goes about working with other members of his community—just as other business men do—to solve those problems, quietly, without much fanfare without much fancy theorizing.

"Look at what a couple of hundred automobile dealers in Chicago Motor Club territory in Illinois and Indiana are doing. They're furnishing more than two hundred new automobiles to the schools in their communities for high-school driver training courses—education for safety. They have furnished these

All Star Cast at Square Dance Fete

Curt Massey, whose popular baritone voice is heard from coast to coast on his own "Curt Massey Time" on CBS, has just been announced as special guest star at the first International Square Dance Festival in Chicago Stadium Saturday night, October 28. With Massey will be his radio co-star, Lilita Martha Tilton, adding to the galaxy of National Barn Dance stars that includes Lulu Belle and Scotty, the Buccaneers, Bob Atcher and a dozen other top entertainers.

Each of 20 states has selected square dance exhibition sets to appear in the mammoth Festival, first of its kind, sponsored by Prairie Farmer-WLS in cooperation with the Chicago Park District and square dance leaders of the United States and Canada.

In this area, state leaders include O. C. Rose of Chicago Park District for Metropolitan Chicago, E. H. Regnier of the University of Illinois and Roy Johnson of the Illinois Agricultural Association, co-chairman for Illinois; F. L. McReynolds, associate in Rural Youth Work, Purdue university, heading the Indiana exhibition; Victor Graef of Sheboygan, president of the Square Dance association of Wisconsin; and two Michigan leaders, Col. C. O. Brown of Battle Creek and Burt Hall of Detroit. A thousand dancers will appear during the course of the Festival, exhibiting twenty different kinds of square dancing and calls.

Economical CHOWDER ...so easy to make on a thrifty GAS Range!

RECIPE

Fish Chowder

2 lb. frozen haddock fillet	2 medium-size potatoes, diced	4 tablespoons diced green pepper
1 teaspoon salt	3 medium-size onions, sliced	1/2 lb. salt pork, cubed and sautéed
1 1/2 cups water	3 cloves garlic	1 quart milk

Cook haddock slowly in the 1 1/2 cups salted water, until tender. Remove fish. Add potatoes, onions and garlic to fish liquid. Simmer until tender. Remove garlic. Add green pepper. Cover for 5 minutes, while steam cooks pepper. Add flaked fish, salt pork, fat from salt pork, and milk. Heat but do not boil. Season with additional salt and pepper, if necessary. Makes 4 servings.

"Click-simmer" burners on today's GAS RANGES give you slow, steady cooking for soups... or this heavenly chowder.

If you stumble over a cooking problem... call the Public Service Company's Home Service Department for the solution!

Savor the Flavor you get from a Flame

You have a thousand heats to choose from... when you have a modern GAS range. The burners on today's ranges are designed for flexible cooking, you can select the perfect cooking temperature for simmering chowder or pan-broiling steak. You'll like everything about the new, cool-cooking ranges. When you turn off the top burner flame on a GAS range, the heat is gone, too! And, of course, for easy cleaning, the burners on a modern GAS range can be dunked in a dishpan. Today's GAS ranges have everything you want for perfect baking, broiling or roasting.

MOKENA

Mr. and Mrs. Henry Yunker and Mr. and Mrs. Fred Yunker of Orland Park left last Thursday by motor for West Point, Neb., to visit their sister-in-law, Mrs. Annie Yunker. They continued their trip to Colorado and will return via the southern route. They expect to be gone two weeks.

Mrs. Fred Dearborn and Mr. and Mrs. Paul Staedke and his mother left September 12 for Los Angeles, Calif., via air plane. They will visit Mrs. Dearborn's sister, Mrs. Chas. McAleavy. The Staedkes live in Homewood and are close friends of the Dearborns and McAleavys.

Mr. and Mrs. Darrell Manhart spent last week end with their son and family at Palatine.

All the joys of renewed contact with friends—pleasure anew at shows, concerts, church, parties, with the renewal of long lost hearing. Amazing new invention—unlike anything hard-of-hearing people have seen or tried before—is worn in an entirely new and different way. A new illustrated booklet telling more about this revolutionary new invention is yours FREE for the asking. Whether or not you are now using a conventional type hearing aid, you owe it to yourself to get this information. Simply write: Acousticon Lauffer Co., 7 N. Ottawa St., Joliet, Ill.

THAT "MORNING AFTER" FEELING—Dr. Charles F. Lombard, director of the University of Southern California's Department of Aviation Physiology, grimaces as a pendulum, swinging at the rate of 10 feet per second, crashes into his plastic test helmet. Lombard who underwent the jarring experience in the interest of science, hopes the newly-developed headgear will reduce injuries and fatalities among the ranks of football players.

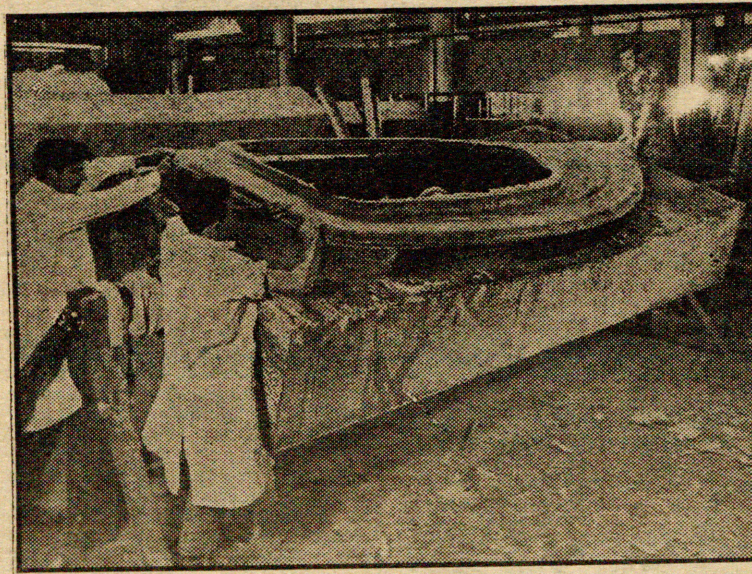

MEDAL OF HONOR CANDIDATE—Lt. James A. Harris of Boaz, Ala., is credited with participating in one of the most heroic and spectacular actions yet to be reported in the Korean war. The tall and lanky lieutenant led a patrol of five men into enemy territory, knocking out 10 machine guns and killing 40 North Koreans. Among the G.I.'s, his voluntary action is expected to earn high decorations for the patrol members and may win Harris the coveted Congressional Medal of Honor.

Illinois' Prize-Winning Rug

This handsome woven rug won top honors in weaving for Mrs. W. F. Swearingen of Heyworth at the recent Illinois State Fair. In addition to her first prize, Mrs. Swearingen was the winner of a Special Award sponsored by January & Wood Company to encourage interest in weaving as one of the basic American homecrafts. For a helpful free manual on home weaving, write to the Woman's Club Service Bureau, 16 East 41st Street, New York 17, N.Y.

CAULK-LESS CABIN CRUISER—A 24-foot specially reinforced plastic cabin cruiser, which will eliminate caulking, painting and other costly upkeep, has been announced by a manufacturer in Bedford, Mass. Both hull and deck, made of permanently pigmented plastic, are welded together with an application of fiber-glass mat and resin. The one-piece boat process is expected to revolutionize small-boat production.

RE-TREE-VER—A dog that requires pruning instead of grooming is the proud possession of farmer W. L. Long of York, Neb., who fashions statues of animals from Chesebrough's Neighborhood dogs, with an affinity for trees, stay away from this leafy-coated canine who seems ready to pounce upon them.

Dedicate New Pulpit

The Immanuel Lutheran church of Mokena, held a dedication service for their new pulpit, a gift from the Ruff society, Sunday, October 15. The service was well attended.

The pulpit is constructed of solid oak and was made to order by George Bitterman of Joliet. The church has been newly decorated and the building has a new roof.

O. P. Continues With Good School Record

The record of student attendance in the Orland Park public schools for the first six weeks has been unusually good. There have been only a very few absences, and nearly all of these have been for good reasons. The school faculty is grateful for the cooperation of parents in insisting that children attend school regularly since this is the first essential to good school work.

Also, the high school is particularly pleased with the fact that out of a total enrollment of 175 students, only one student has dropped out of school this year. This is an exceptionally fine record in view of the high rate of drop-outs in many high schools during the early weeks of the school year in most sections of the United States.

Asks Parents to Tune in WLS

Over 500,000 school children in four states and approximately 200,000 in Illinois will hear explained the facts of banking and the importance of "Savings" this afternoon, October 19 at 1:15 pm. Over radio station Prairie Farmer-WLS.

The special broadcast, "Magic Coins," is one of the "Adventure in Freedom" Series of the School Time programs of WLS which have been on the air for fourteen years.

This series of broadcasts written by Josephine Wetzler, Director of Education of Prairie Farmer-WLS won the 1949 DuPont award, one of the most coveted honors in radio broadcasting. Basis of the award was "outstanding and meritorious service in encouraging, fostering, promoting and developing American ideals of freedom and for loyal and devoted service to the nation and to the community."

The program will feature the exploits of a popular teen-age youngster named "Rusty Gordon". All summer long Rusty has been spending money as fast as he earns it, so when his bike breaks down and he needs a new one, he is faced with a problem. At his father's suggestion he takes the problem to Mr. Blair, the banker, and learns the secret of "Savings."

The committee on Education and Public Relations of the Illinois Bankers Association under the chairmanship of C. A. Hemminger, director of public relations, American National Bank and Trust company of Chicago, cooperated with Mrs. Wetzler in the preparation of the script for the October 19 broadcast.

W. R. Schussler of the Orland State bank, Orland Park, urges parents of all school children to tune in WLS at 1:15 pm, today, in order that they may know the same facts about savings that their children will learn. He also extends a cordial invitation to all teachers to bring their classes in for a tour through the bank where they can actually see the handling of savings deposits as well as other bank operations.

Home-Made Floor Polisher

An efficient floor polisher can be made from a wooden box and an old broom handle. The box may be approximately 8 inches wide, 12 inches long and 6 inches deep.

Several thicknesses of newspaper should be tacked to the box bottom. As

Screw Eye — Staple

Newspaper Clippings

Compost or Felt

Insert a screw eye into the end of the broom handle. Then fasten the latter to the middle of the box top by means of a heavy staple.
